

# Transition Services Questions & Answers

Transition services information is designed to assist permittees in finding resources to remove their personal property from Federal lands and relocate trailers/mobile homes to non-Federal property in the Lake Berryessa area or elsewhere. Transition services do not include any funding or financial assistance from Reclamation.

## 1. Who owns the land upon which my trailer/mobile home sits?

The Federal Government owns the land. The concessionaires are contractors to the Government and provide certain types of services to the public at Lake Berryessa. The concessionaires have no ownership of the land upon which they conduct their business; the land is simply assigned to them for their use during the term of their contracts.

## 2. When do the concession contracts expire?

Pleasure Cove Marina 12/1/07  
Rancho Monticello Resort 6/15/08  
Spanish Flat Resort 7/13/08  
Lake Berreyssa Marina 8/13/08  
Putah Creek Resort 8/13/08  
Markley Cove Resort 5/26/09  
Steele Park Resort 5/26/09

## 3. Why do I have to move my trailer/mobile home?

Through the Record of Decision dated June 2, 2006, Reclamation has re-defined the development and management of visitor services (commercial and non-commercial) to support traditional, short-term, non-exclusive, and diverse outdoor recreational opportunities. This decision requires the permanent removal of all privately owned trailers, mobile homes, and other property from the Federal lands.

## 4. The permittees' should get a 1-year notice before having to vacate their assigned sites. Could that be changed to a shorter timeframe?

Yes, under certain circumstances; however, as it relates to the Record of Decision, the concession contractors must issue a 1-year notification to permittees before they must vacate their sites (Lake Berryessa Operational Policy 14, Section E.1.(g)(1). After a change of land use for the resort has been approved by the administrative agency, the concessionaire shall give the permittees 1 year's written notice of termination of the permit.

## 5. Are the concessionaires going to let me know when I have to move?

Yes. The concessionaires are working with Reclamation to develop a removal plan. The concessionaires will notify all permittees of their timeframe and responsibilities for removal at least 1 year prior to removal.

## 6. Are there other trailer/mobile home parks in the Lake Berryessa area where I can move? Yes.

### NEARBY MOBILE HOME PARKS

Mobile Home Parks	Address	Phone	Contact Name
Capell Valley Estates	6004 Monticello Rd #44, Napa, CA 94558	707-258-1915	Kim & Darrell Popoloski
Spanish Flat Mobile Villa	4312 Spanish Flat Loop Rd, Napa, CA 94558	707-966-1124	Karen M. Hanks
Winters Mobile Home Park	803 W Grant Ave Winters, CA 95694	530-795-2436	Sherry Caskey

**NOTE:** Reclamation does not endorse nor recommend any of these contractors. You may secure your own mobile home park; caution should be exercised when hiring any contractor to be sure they are a legitimate, licensed, and bonded company.

## Transition Services Questions & Answers

**7. Are there other recreational areas that are near and similar to Lake Berryessa here I may place my trailer or an alternative recreational experience?** No.

**8. Do I need a permit to move my trailer/mobile home?**

Yes. A transport permit is required to move a trailer/mobile home on County or State highways. The type of permit(s) that will be required will depend on where the trailer/mobile home is to be moved.

**9. How do I get a transport permit?**

Generally, the contractor you hire to transport your unit will acquire the necessary permits. You may acquire your own permit through these permitting agencies:

### TRANSPORT PERMIT SERVICES

Permits	Address	Phone	Contact Name
Ernies Permit Service	P.O. Box 1510 Marysville, CA 95901	1-888-711-9922	Stephanie Rollins

**NOTE:** Reclamation does not endorse, nor recommend any of these contractors. You may secure your own recycle/dismantle contractor, caution should be exercised when hiring any contractor to be sure they are a legitimate, licensed, and bonded company.

#### **12. Will the concessionaire or Federal government pay to move my trailer/mobile home?**

No. Specific Congressional authority and appropriations would be required before Reclamation could provide funds to relocate private trailer/mobile homes. The Visitor Services Plan Record of Decision does not propose to request authority or appropriations for this purpose.

#### **13. Am I responsible for the removal of the cement pad the trailer/mobile home sits on and the decking surrounding my space?**

Possibly, each trailer site is unique, and the removal criteria will be different from site to site. A determination will be made on what must be removed at your specific site once the removal plans are finalized.

#### **14. Will the concessionaire allow me to sell my trailer/mobile home in the resort?**

Currently sales are permitted in all resorts except Pleasure Cove Marina. There are certain requirements and a disclosure statement that must be signed by all parties; however, this may change as the end of the contracts draws near.

#### **15. My trailer was built before a certain year, so by law it can't be towed on California Roads.**

Per the California Highway Patrol and Department of Motor Vehicles, transportation permits are issued regardless of age of the unit. The vehicle must be inspected by the CHP for safety before a permit can be issued and vehicle transported.
